TRADERS STILL  
SELLING STOCKS

Speculative Public Evidently  
Convinced that Further Liqui-  
dation Is Necessary, and  
Prices Continue to Fall.

## ATCHISON A FEATURE.

Baltimore & Ohio, Canadian Pacific  
Metropolitan and Sugar Among  
the Heavy Losers—New York  
Central a Bright Spot in Dealings.

Wall street's gloom was unrelieved to-  
day and the liquidation which was in  
force last week continued on a large  
scale. There was heavy selling of the  
corn and cotton futures, based on the  
delay in planting the corn crop and by  
the bad weather in the South. The  
coalers were also under special pres-  
sure on account of the fear that labor  
troubles will break out amongst the  
miners.

The declines reached three points or  
over in the course of the day for Atchison  
and Reading, and between two and  
three points for most of the active  
stocks in the list.

The selling seemed to come from all  
quarters, orders by commission-houses  
playing a large part in the activity of  
the market. Prices fell without resist-  
ance, the outside public and brokers  
generally, having evidently come to the  
conclusion that liquidation would have  
to go further, until a turn for the bet-  
ter could be expected. Those with un-  
derable stocks found it difficult to sell  
and the values of good issues fell in  
the depression.

Atchison was one of the selling fea-  
tures, and Wall street heard that James  
R. Keene was disposing of the stock in  
a roundabout way. A number of stop  
loss orders were uncovered, and it was  
reported that Boston was letting big  
blocks of shares go. There was a story  
that a prominent interest identified with  
the market cause of Atchison in the  
past had liquidated a line of 50,000  
shares, the reason being severe losses  
in connection with the Consolidated  
Lake Superior collapse.

There was a slight rally in Amalgam-  
ated Copper and Southern Railway  
just before the close of the market, the  
latter being pushed up 1 point. The  
former was raised 3-4, closing at 53-34,  
an advance of 1-4 over yesterday's clos-  
ing price. Pennsylvania, after holding  
steady most of the day, closed with a  
loss of 3-8 per cent.

A decline of 1-8 was realized in  
American Sugar. The following issues  
suffered losses of 1 to 3-8 per cent.:  
Atchison, Baltimore and Ohio, Canadian  
Pacific, Illinois Central, Metropolitan  
Securities, Metropolitan Street Railway,  
Norfolk and Western, Reading, Tennes-  
see Coal and Iron, Texas Pacific and  
Wisconsin Central preferred.

Colorado Fuel and Iron, Denver and  
Rio Grande and Louisville and Nash-  
ville, American Smelting and Refining  
lost 1-4, while the Erie stocks were 1-4  
to 5-8 under. Rock Island declined 3-8  
and Southern Pacific 1-8. Union Pacific  
realized a loss of 1-2, while the Leather  
and Steel issues were down fractionally.

New York Central was advanced 3-4.  
Buying by shorts to cover caused a  
rally in the final dealings, the market  
closing about steady.

## DODGED SHOWER OF BULLETS

Two Jersey City Men Have an Ex-  
citing Experience.

William Hohn, a railroad brakeman,  
and his brother-in-law, Jesse Estes, both  
of No. 516 Henderson street, Jersey City,  
made targets of themselves early to-  
day for Policeman Duffy's pistol. They  
were caught in the act of attempting  
to break into the undertaking estab-  
lishment of Edward Flaherty, at No. 39  
Grove street.

They ran five blocks before the cop  
overtook them, and although all of his  
bullets went wide of the pair they were  
nearly scared to death.

GRAND JURY IS  
AFTER TYNER

Ex-Postal Official's Connection  
with Opening of Government  
Safe Declared Such as to  
Compel Official Inquiry.

WASHINGTON, June 8.—The Grand  
Jury will at once take up the case of  
James N. Tyner, former Assistant At-  
torney-General, of the Post-Office De-  
partment, who was dismissed from of-  
fice as a result of the opening of the  
safe in his office. Although the act was  
not committed by Mr. Tyner, it is said  
that he was connected with it in such a  
way as to compel the laying of the case  
before the Grand Jury for its action.

The Federal Grand Jury has found  
true bills against the Goff brothers in  
connection with the alleged offering of  
bribe to A. W. Maehen, ex-Superin-  
tendent of Free Delivery of the Post-  
office Department. This action was  
taken, it is learned, on the same day  
that Mr. Maehen was indicted.

The delay in presenting the indict-  
ments was due to the fact that they  
could not be prepared for presentation  
before to-day.

The Goffs will be tried under Section  
5,351, of the Revised Statutes, which  
makes it an offense to promise money  
to any Government officer with a view  
to influencing his action or decision on  
any question or matter which may be  
pending before him.

By bringing in the indictments to-day  
the hearing before the United States  
Commissioner, which was set for to-  
morrow, will be abandoned.

BALTIMORE BANKERS  
ADMIT INSOLVENCY.

City Trust and Banking Company  
Suspends, with \$500,000  
Liabilities.

BALTIMORE, June 8.—On the request  
of the creditors and upon its own ad-  
mission of insolvency, receivers have  
been appointed for the City Trust and  
Banking Company. President Wheatley  
states that the suspension was made  
necessitated by the withdrawal of deposits  
recently and the failure of the bank to  
realize upon securities. He says he  
believes depositors will be paid in full.

It is stated that the liabilities are  
\$500,000, assets about the same. The sus-  
pended company did a banking and  
storage business.

The National Park Bank is the local  
correspondent of the City Trust and  
Banking Company, but has had prac-  
tically no relations with it for some  
time.

## MORE GOLD FOR EUROPE.

Kronprinz Wilhelm Will Take Out  
\$250,000 To-Morrow.

Another gold shipment to Europe was  
announced to-day. Kidder, Peabody &  
Co., of Boston, through Baring, Magoun  
& Co., of this city will ship \$250,000 in  
the yellow metal by the Kronprinz  
Wilhelm to-morrow.

It is said that the announced rise in  
the discount rate of the German Bank  
causes shipments to that quarter.

## BRITAIN'S EXPORTS UP.

Decrease in Imports About Bal-  
ances the Figures.

LONDON, June 8.—The May statement  
of the Board of Trade shows a decrease  
of \$7,389,000 in imports and an increase

COTTON AGAIN  
GOES KITING

July, in Big Jump to 11.81, Leads  
Near-By Options in Making  
New Records in the Market  
Dealings.

Cotton went kiting in the market to-  
day on news of the floods and bad crops  
reports in the South.

Brokers were thrown into a flurry at  
the opening, when July jumped to 11.50,  
and later the market became excited  
and trading was in a whirl as the  
prices for nearby options soared.

Toward noon the dealings were on a  
smaller scale, but values kept increas-  
ing, and before the close of the market  
there was a repetition of the wild scenes  
of a few weeks ago.

The bulls had everything in their  
favor, the Government reports of last  
week being revived as a factor, while  
the railroad tie-up due to floods in the  
West helped them immensely.

In the final dealings new records were  
made in more than a few of the options,  
the closing prices being: June, 11.81 to  
11.82; July, 11.81 to 11.82; August, 11.71 to  
11.72; September, 11.25 to 11.26; October,  
5.71 to 5.72; November, 5.52 to 5.54; De-  
cember, 5.52 to 5.53; January, 5.53 to 5.54.  
July rose 57 points in making its new  
record.

The place to advertise or seek Busi-  
ness Opportunities is in the Sunday  
World Want sheet. The three and  
seven time rates are paying proposi-  
tions.
